## Request Form

We ask all clients to complete a request form if at all possible, as it is your event and we want to make sure that we play the sort of music that you want to hear. From this we will normally compile a playlist around which we will base the music, although we will vary this on the day dependent upon various factors including the reaction & mood of the guests/audience.

Please ensure the form is returned to Silver Pines Sound & Light as soon as possible, but, in any case at least two weeks before your event. If a requested song is not in our collection, we will always do our best to source it for you. We cannot, however, guarantee this and if received after this time, it increases the possibility that we may not have sufficient time to track it down. You are also welcome to send in any requests by e-mail if this proves more convenient.
